

Quality Policy Statement

We are committed to provided, maintain and ensure the quality of products and services in Construction Industries. We believe in delivering quality, across all levels and in staying unreasonable – challenging the status quo, innovating and finishing smarter and better ways to do things, every day!

We want to be the benchmark in our industry for quality and excellence. Our intention is to ensure that our clients perceive us as being the best in Construction Sector.

To continually improve our Organization, we are committed to:

1. Providing commitment and leadership from the Managing Directors and Directors.
2. Identifying risks and opportunities of the Quality Management System
3. Periodic Management Reviews
4. Continual Improvement
5. Specifying the standard of workmanship required.
6. Ensuring that all employees are provided with adequate training, information and instruction to competently carry out their work activities to the required standard.
7. Continuous monitoring of effective execution of its activities, products and services
8. Complying with all applicable legal requirements and Other requirements.
9. Ensuring that all the employees are aware of our commitment to quality and are responsible for the standard of their workmanship which is checked against the Contract Specification, Site Management and Workmanship.

This policy has been developed based on the ISO 9001:2015 Standard requirement. It shall be communicated to all employees and is available to all the stake holders and interested parties upon request

Authorized Signatory

Girdhar Pindolia
Managing Director

Rev.01; Date: 01-Aug-2018
